Re: Case # ZA 2009-0165(ZV), CEQA NO. ENV 2009-166-MND
July 6th, 2009 at 2:00pm
Marvin Braude San Fernando Valley Constituent Center
6262 Van Nuys Blvd, Van Nuys, CA 91401

At our February 2, 2009 Board Meeting, the GVGC Board voted unanimous approval of the following motion concerning the requested variance.

“The Greater Valley Glen Council recommends disapproval of the variance application for permission to maintain industrial type storage containers in the R-1 portion of the lot located at 13720 Vanowen Street. The Board would support a permanent structure that would be primarily used for storage provided it would comply with all applicable codes and limitations and be designed to be compatible with the look, feel, and scale of the adjacent residential construction.”

The GVGC Board is particularly concerned that the area in question has not received appropriate City attention in the past with resulting deterioration in the quality of life for the residents who live there. Especial attention should be focused on any variance that would further this deterioration rather than improve the area.

Please deny the requested variance.

Thank you,

Terry Anderson
